ADVARSEL! Hvis du ikke følger alle instruktioner præcist, kan det medføre alvorlig personskade.

Sikkerhedsadvarsel

Læs alle instrukser og færdiggør samlingen før brug. Det kan være en fordel at være to til at samle fodboldmålet.

Hvis den er samlet og bruges korrekt, kan den bruges til mange timers sjov og træning.

Tjek fodboldmålet før hvert brug. Hvis dele er slidte, i stykker eller manglende, så udskift disse. Spænd dele der måtte være løse.

For at undgå at små børn risikerer at blive viklet ind i nettet, bør de holdes væk fra nettet. Hav altid opsyn af en voksen hvis børn bruger fodboldmålet.

Lad aldrig et barn klatre på fodboldmålet, da dette kan få det til at vælte og kan forårsage alvorlige skader på barnet.

Da metalrammen er elektrisk ledende, må elektriske dele aldrig komme i kontakt med fodboldmålet. Dette inkluderer bl.a. lamper, forlængerledninger og andet elektrisk udstyr.

Samlingsadvarsel

Saml aldrig fodboldmålet i voldsomt regnvejr, blæst, storm eller lignende forhold.

Når fodboldmålet skal flyttes, bør mindst to personer med lige vægtfordeling løfte det.

Placér fodboldmålet på en plan overflade ved ethvert brug.

Frigør pladsen omkring fodboldmålet, så der ikke hænger ledninger, grene eller andre forhindringer i nærheden.
